

ARO Plank 1

Acoustic Wall System

spinneybeck

ARO Plank 1 creates endless possibilities from simple shapes.

ARO Plank is a wall system composed of modular planks that assemble to create standard patterns, yielding a continuous architectural finish. ARO Plank 1 has six distinct half round modules that are available in eight suggested patterns. Planks install quickly and easily with Spinneybeck's Interlock Mounting System and are available in wide range of leather qualities and colors.

ARO Plank was designed by Architecture Research Office (ARO), a firm dedicated to architecture that unites beauty and form with strategy and intelligence.

“We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture.”

– Architecture Research Office, designers of ARO Plank 1

Occasional use of Spinneybeck Finished Leather Cleaner, Conditioner & Protector is recommended. For naked (aniline) leathers, wipe entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, for it will darken only that area. Occasional use of Spinneybeck Aniline Leather Cleaner, Conditioner & Protector is recommended. Other leather cleaners such as saddle soap or household cleaners that may contain harsh chemicals, alcohol or ink removers should never be used.
Variation	Color variation of naked leathers may be more pronounced beyond the normal commercial range. A Cutting for Approval (CFA) is required for all orders.
